

Commercial offer
For artists and
producers!

Dear participants

Musical industry!

**INFORMATION TECHNOLOGY CONSULTING
PROVIDES
COMPLEX SOLUTION.**

We glad offer to your unique opportunity to uncover your creative potential and maximize your income with innovative approach and monetization your talent through usage technologies and non-fungible tokens (**NFT**) via musical industry.

How This works:

- 1. Creation **NFT**:** We'll help you create unique tokens, representing your music, with using technologies **OF** blockchain.
- 2. Sale on platform:** Yours **NFT** will available for purchases on our platform, where users will be able estimate and purchase your music.
- 3. Receipt income:** You will receive income from sales from everyone's **NFT**. Also, royalties from subsequent sales on secondary market.

New source income

You can create and sell unique **NFT**, representing your music, what will open for you new source income and will give opportunity to earn money on your creativity.

Transparency And justice

Technology blockchain provides transparency and justice via distribution income, allowing you to get a fair share from sales of everyone's **NFT** and from subsequent royalties.

Global visibility

Your work will be available for millions of users by everything to the world through our platform, what will help you to get global visibility and attract new fans.

Participation V innovation

Cooperation with us will give you the opportunity to be on the front edge of innovation in the musical industry, use advanced technologies and formats for promoting your creativity.
